

Ahoy, matey... Looking for a place to stash your loot?

You can open an account to stash your money and keep it safe. Five dollars in a savings account is all you need to become a part of the Quest Treasure Club. For every deposit of \$5 or more you will get a silver token, when you have 10 tokens you can bring those back to Quest and you will be given the key that opens our Treasure Chest filled with great prizes!!

To open your account you need to bring in \$5 and your Social Security card or a copy of it (you can ask your parents, grandparents, or guardian for this). You will be surprised how fast chore money, allowance, birthday money, or odd job money adds up.
